

Smart bulk supply solution

FEATURES

The right fit for
your gas consumption

Compact air gas cryogenic vessel

- Integrated storage and supply system
 - Cryogenic vessel
 - Ambient vaporizer
 - Skid serves as foundation
- Less than 4m² footprint

Sized according to your needs

- Gas consumption from 400 to 4 000 Nm³/month
- 2 000 L and 3 000 L storage capacity
- Operating pressure from 1 to 32 barg
- Normal flow rate up to 130 Nm³/h
- Gaseous or cryogenic liquid usage

Skid Tank 3000 L 16 barg (PED compliant)

GAS SUPPLY

Benefits from Air Liquide expertise in Bulk logistics

- Reliable and flexible bulk supply ensured by Air Liquide world class logistics: large fleet and vast infrastructure
- Automatic re-ordering with telemetry

Available for air gases

- Nitrogen, Argon, and Oxygen
- Compatible with Air Liquide Dynamic On-site Mixer

Best-fit solution for your applications with AL premium offers:

- LASAL TM Product range for laser welding & cutting
- ARCAL TM Dedicated range for arc welding
- ALPHAGAZ TM Specialty gases for analytical use
- ALIGAL TM Food grades, HACCP compliant
- FLAMAL TM Product range for flame applications

INSTALLATION

Quick and easy installation

1 Delivered all-in-one

2 Installed and connected by Air Liquide

3 Ready for first fill by Air Liquide

Air Liquide Skid Tank ready to use at your site by noon!

With **SKID TANK**, enjoy smart bulk supply adapted to your needs

Ready to install

Compact liquid storage tank with easy and quick installation - No civil works and simplified permitting.

Save money

Optimized installation cost.

Fewer deliveries thanks to higher storage capacity.

Easy to use

Air Liquide manages entirely and safely your gas supply - No more cylinder handling or asset management.
